Click underlined x's for photo links

click on underlined species for web links to details about those species

| Scientific name   | common names (if applicable)           | Sep-14 | Jul-15 | Sep-15 | Oct-15 | Sep-16 | Sep-17 | Oct-17 | Jul-18 |
|---|--|--------|--------|--------|--------|--------|--------|--------|--------|
| <u>Agaricus silvicola</u>   | none                                   |        |        |        |        |        | x(?)   |        |        |
| <u>Akanthomyces aculeatus</u>   | none                                   | x      |        |        |        |        |        |        |        |
| <u>Albatrellus ovinus</u> syn. <u>Polyporus ovinus</u>  | "Sheep Polypore"                       |        |        |        |        | x(?)   |        |        |        |
| <u>Aleurodiscus wakefieldiae</u> syn. <u>A. oakesii</u> syn. <u>Corticium oakesii</u>                 | "Oak Parchment" "Hop Hornbeam Disc"    |        |        |        |        |        |        | x      |        |
| <u>Amanita abrupta</u>  | "Abrupt-bulbed Lepidella"              | x      |        |        |        | x      |        |        |        |
| <u>Amanita americrocea</u> syn. <u>Amanitopsis crocea</u>   | "Orange Grisette"                      | x      |        |        |        |        |        |        |        |
| <u>Amanita amerifulva</u> [often called 'Amanita fulva' -a European species]                          | "Tawny Grisette"                       | x      | x      | x      |        |        | x      |        |        |
| <u>Amanita amerirubescens</u>   | "Blusher"                              | x      | x      | x      |        | x      | x      |        | x      |
| <u>Amanita banningiana</u>  | "Mary Banning's Slender Caesar"        | x      | x      |        |        | x      |        |        |        |
| <u>Amanita bisporigera</u> (group)  | "Destroying Angel"                     | x      | x      | x      | x      | x      | x      |        | x      |
| <u>Amanita brunnescens</u>  | "Cleft foot-Amanita"                   | x      | x      |        | x      |        |        |        |        |
| <u>Amanita cokeri</u>   | "Coker's Amanita"                      |        |        | x      |        |        |        |        |        |
| <u>Amanita daucipes</u>   | "Turnip-foot Amanita"                  |        | x      |        |        |        |        |        |        |
| <u>Amanita farinosa</u>   | "Powdery-cap Amanita"                  |        | x      | x      |        |        |        |        |        |
| <u>Amanita flavoconia</u>   | "Yellow Patches"                       | x      | x      | x      | x      | x      | x      |        | x      |
| <u>Amanita gemmata</u> complex  | "Gem-studded Amanita"                  |        |        |        |        |        | x      |        |        |
| <u>Amanita jacksonii</u> syn. <u>A. umbonata</u> , syn. <u>A. caesarea</u>                            | "American Caesar's Mushroom"           |        |        |        |        | x      | x      |        |        |
| <u>Amanita cf. lavendula</u> [former misapplied name = <u>Amanita citrina</u> ]                       | "Citron Amanita," "False Death Cap"    | x      |        |        | x      |        | x      |        |        |
| <u>Amanita marvaliceae</u>  | "Mary Alice's Amanita"                 |        |        |        |        | x      |        |        |        |
| <u>Amanita multisquamosa</u> syn. <u>A. pantherina</u> , var. <u>multisquamosa</u>                    | "Panther"                              | x      |        |        |        |        |        |        |        |
| <u>Amanita muscaria</u> var. <u>flaviovolvata</u> syn. <u>A. muscaria</u> subsp. <u>flaviovolvata</u> | "Fly Agaric"                           |        |        |        | x      |        |        |        |        |
| <u>Amanita parvicolvata</u>   | "Ringless False Fly Agaric"            |        | x      |        |        | x      |        |        |        |
| <u>Amanita rhopalopus</u>   | "American Club-footed Lepidella"       |        |        |        |        |        |        |        | x      |
| <u>Amanita spreta</u>   | "Hated Amanita"                        |        |        |        |        | x      |        |        |        |
| <u>Arachnion album</u>  | "Granular Puffball"                    |        | x      |        |        |        |        |        |        |
| <u>Armillaria caligata</u> var. <u>glaucescens</u>  | none                                   | x      |        |        |        |        |        |        |        |
| <u>Armillaria mellea</u> (group) syn. <u>Armillariella mellea</u>                                     | "Honey Mushroom"                       |        |        | x      |        |        |        | x      |        |
| <u>Artomyces pyxidatus</u> syn. <u>Clavicornia pyxidata</u> , syn. <u>Clavaria pyxidata</u>           | "Crown-tipped Coral"                   |        | x      |        |        |        |        |        | x      |
| <u>Aureoboletus auriporus</u> syn. <u>Boletus auriporus</u> syn. <u>Boletus viridiflavus</u>          | "Gold-pored Bolete"                    |        |        |        |        | x      |        |        |        |
| <u>Austroboletus gracilis</u> var. <u>gracilis</u> syn. <u>Tylopilus gracilis</u>                     | "Graceful Bolete"                      | x      |        | x      | x      | x      | x      |        |        |
| <u>Baorangia bicolor</u> syn. <u>Boletus bicolor</u>  | "Two-colored Bolete"                   |        |        | x(?)   |        |        |        |        | x(?)   |
| <u>Boletopsis grisea</u> syn. <u>Polyporus griseus</u> (misapplied: <u>Boletopsis subsquamosa</u> )   | "Kurotake"                             |        |        |        |        |        |        | x      |        |
| <u>Boletus curtisii</u>   | none                                   |        |        |        |        | x      |        |        |        |
| <u>Boletus frostii</u> syn. <u>B. alveolatus</u>  | "Frost's Bolete"                       |        | x      |        |        | x      |        |        |        |
| <u>Boletus longicurvipes</u>  | none                                   | x      | x      |        |        |        | x      |        | x      |
| <u>Boletus pallidroseus</u>   | none                                   |        |        |        |        | x      |        |        |        |
| <u>Boletus pallidus</u>   | "Pale Bolete"                          | x      |        |        |        | x      |        |        |        |
| <u>Boletus roodvi</u>   | none                                   |        |        |        |        | x      |        |        |        |
| <u>Boletus roseopurpureus</u>   | none                                   |        | x(?)   |        |        |        |        |        |        |
| <u>Boletus roxanae</u> syn. <u>Xerocomus roxannae</u>   | none                                   |        |        |        |        | x      |        |        | x      |
| <u>Bondarzewia berkeleyi</u> syn. <u>Polyporus berkeleyi</u>  | "Berkeley's Polypore" "Stump Blossoms" |        |        |        |        |        |        |        | x      |
| <u>Callistosporium purpureomarginatum</u>   | none                                   | x      |        |        |        |        |        |        | x      |
| <u>Caloboletus firmus</u> syn. <u>Boletus firmus</u> syn. <u>B. piedmontensis</u>                     | "Piedmont Bolete"                      |        | x      |        |        | x      |        |        |        |
| <u>Calocera cornea</u>  | "Club-like Tuning Fork"                |        | x      |        | x      |        |        |        |        |
| <u>Calocera viscosa</u>   | "Yellow Staghorn"                      |        | x      |        |        |        |        |        |        |
| <u>Calostoma lutescens</u>  | "Yellow Calostoma"                     | x      | x      |        |        |        | x      |        |        |
| <u>Calvatia craniiformis</u>  | "Skull-shaped Puffball"                |        |        |        |        |        | x      |        |        |
| <u>Cantharellus appalachiensis</u>  | "Appalachian Chanterelle"              | x      |        | x      |        |        |        |        |        |
| <u>Cantharellus cf. cibarius</u> [sensu auct. amer. =misapplied name]                                 | "Golden Chanterelle"                   | x      | x      |        |        |        |        |        | x      |
| <u>Cantharellus cinnabarinus</u>  | "Cinnabar Chanterelle"                 | x      |        |        |        |        |        |        |        |
| <u>Cantharellus lateritius</u> syn. <u>Craterellus cantharellus</u>                                   | "Smooth Chanterelle"                   |        | x      |        |        | x      | x      |        | x      |
| <u>Cantharellus minor</u>   | "Small Chanterelle"                    |        | x      |        |        |        |        |        |        |
| <u>Chrysomphalina chrysophylla</u> syn. <u>Gerronema chrysophylla</u>                                 | "Golden-gilled Gerronema"              | x      |        |        |        |        |        |        |        |
| <u>Chlorociboria aeruginascens</u> syn. <u>Chlorosplenium aeruginascens</u>                           | "Blue-green Wood Stain"                |        |        | x      | x      | x      |        |        | x      |
| <u>Clavariadelphus americanus</u>   | "Pestle-shaped Coral"                  |        |        |        |        |        | x      |        |        |
| <u>Clavariadelphus unicolor</u>   | none                                   |        |        |        | x      |        |        |        |        |
| <u>Clavulina cinerea</u>  | "Grey Coral"                           |        | x      |        |        |        |        |        |        |
| <u>Clavulina cristata</u> syn. <u>C. coralloides</u> , syn. <u>Clavaria cristata</u>                  | "Crested Coral"                        |        |        | x      | x(?)   |        | x      |        |        |
| <u>Clavulinopsis aurantio-cinnabarina</u>   | "Orange Spindle Coral"                 |        | x      |        |        |        | x      |        | x      |
| <u>Clavulinopsis fusiformis</u> syn. <u>Clavaria fusiformis</u>                                       | "Golden Spindles"                      |        | x      |        |        |        |        |        | x      |
| <u>Clavulinopsis laeticolor</u> syn. <u>C. pulchra</u> syn. <u>Ramariopsis laeticolor</u>             | "Golden Fairy Club"                    |        |        |        | x      |        |        |        |        |
| <u>Clitocybe subconnexa</u> syn. <u>Clitopilus caespitosus</u>  | "Clustered Clitocybe"                  | x      |        |        |        |        |        |        |        |
| <u>Clitopilus prunulus</u>  | "Sweetbread Mushroom"                  |        | x      |        |        |        | x      |        | x      |
| <u>Coltricia cinnamomea</u> syn. <u>Polyporus cinnamomeus</u>   | "Shiny Cinnamon polypore"              | x      |        |        |        |        | x      |        | x      |
| <u>Coltricia montagnei</u> syn. <u>Polyporus montagnei</u>  | "Montagne's Polypore"                  |        |        |        |        |        |        |        | x      |
| <u>Cortinarius cf. alboviolaceus</u>  | "Silvery-violet Cort"                  | x      |        |        |        |        | x      |        |        |
| <u>Cortinarius armillatus</u>   | "Red-banded Cort," "Bracelet Cort"     |        |        |        |        | x      |        |        |        |
| <u>Cortinarius bolaris</u>  | "Saffron-foot Cortinarius"             | x      |        |        |        |        |        |        |        |
| <u>Cortinarius caperatus</u> syn. <u>Rozites caperata</u>   | "The Gypsy"                            |        |        |        | x      |        | x      |        |        |

*Note: This species list is not representative of all mushrooms present on a given date. Collecting is limited to certain trails and locations and not all specimens found are always gathered. Many of the collected specimens never get identified or recorded for various reasons, which include (but are not limited to): time restraints and condition of specimens.*
